

# SAVE YOUR UNDERWRITERS TIME BY USING **AUTO DECISIONING**

The model is **fully customizable** and includes:

- Unique workflows to match your loan products
- Custom credit tier setup
- Custom rate table setup
- Pre-approval matrix
- Staff training
- Ongoing support

Lender\*VP will meet with you to configure a template we will use to build a custom decision model based on your credit union's specific policies and procedures.

Example criteria that can be used for decisions:

- # 30/60/90-day Late Payments
- Charge Offs/Collections
- Foreclosures/Repos/Bankruptcies
- Max DTI/Unsecured Balance DTI
- # Opened Tradelines
- Months at Current Job
- Max Terms/Loan Amounts/LTV
- Pre-Approval Limits by Credit Tier

**FUEL setup can be completed in 2-4 weeks after the initial order.**

Lender\*VP will provide staff training. We will also review your decision results together at the 15, 30, and 60 day mark to evaluate the effectiveness of the model and recommend any changes.
